Dear Sarika,

I license content on behalf of ProQuest. I am pleased to inform you that our product managers would like to include Canadian Journal of Biotechnology in ProQuest's Canadian Business & Current Affairs (CBCA) Database as part of our 2019 content plan.

As a next step, I'm attaching our standard agreement for review. If all is in order, including the Licensor and mailing address, please sign the agreement and return a scanned copy to me in PDF format. I will then have the agreement countersigned and I will return a copy for your records.

Thanks,

Laura Janover – Alliance Manager, Global Content Alliances

ProQuest | 789 E. Eisenhower Parkway | Ann Arbor, MI USA 48106-1346
